A. We will travel 10 miles outside of the city of Harrisburg. After the 10 mile limit we charge \$.35 / mile travel fee

A. Yes, we can customize a package to fit your budget and your special needs. We can change the album, add more albums, add or remove photos, change the size of the photos, add special effects, extend the time or decrease the time, go to other locations or do just about anything you need.

A. If your wedding is six months or more away we will only charge \$50.00 deposit to hold your wedding date. This is so you don't have to tie up a lot of money for a long period of time. Additional agreed upon deposits are required at the time of the signing of the contract.

6. Q. How far in advance do we need to reserve you?

A. The sooner the better. Wedding dates fill up quick.

7. Q. What type of camera equipment do you use?

A. Our studio uses the latest state-of-the-art equipment. As an experienced studio, your photographer will use whatever camera is most appropriate for what they are photographing. Don't worry, we have plenty of backup equipment! That is one of the main benefits to hiring an experienced studio.

8. Q. How do you feel about others taking pictures during the ceremony, post ceremony and reception?

A. We use sensitive equipment, so other flashes going off will effect the quality of the photographs. We would rather not have others taking photos but that is up to the church and the Bride. Others taking photo during the post ceremony setting will slow us down and will adversely effect the outcome of the poses.

A. We offer online ordering. All of our wedding clients can order or view their images online. This means that they can share their images with friends and family—near or far— with out needing to lug around heavy proof books. In fact, all they need to share is a web address and a privacy protecting password. Wouldn't you rather send your friends and family to our web site than stress about shipping proof books all around the country and collecting orders? You don't have to be the middleman—let them come directly to our web site to place an order.
